1time

THE EASIEST WAY TO track employee & project time online

WHAT IS 1Time?

1time is an online application, that allows you to record time and expenses by employee and project, and tracking the real cost and profitability of all your projects whether they are fixed-price or hourly billable.

HOW CAN 1time help us?

1time will reduce non-billable time in your company. Each employee receives reminders so you don't have to micro-manage the completion of timesheets.

1time FEATURES

- Intuitive Design
- Email Reminders
- Mobile Access
- External Client Views
- Client & Project Reporting
- Employee Reporting
- Employee Utilization Analysis
- Project Budget & Cost Analysis
- Track Holiday & Absenteeism
- Download Timesheets and Reports
- Project Expense Tracking

"
Early in the year I evaluated approximately 20 time tracking systems for our company. We chose 1Time because we felt that it was extremely intuitive and provided the functionality that we required. Our company's time tracking has been drastically improved by 1Time.
